

# Web Engineering Lab 11

### Submission Details:

**Submit to: [assignmentssubmission19@gmail.com](mailto:assignmentssubmission19@gmail.com)**

**Deadline: 19th December 2020 till 11:59 PM**

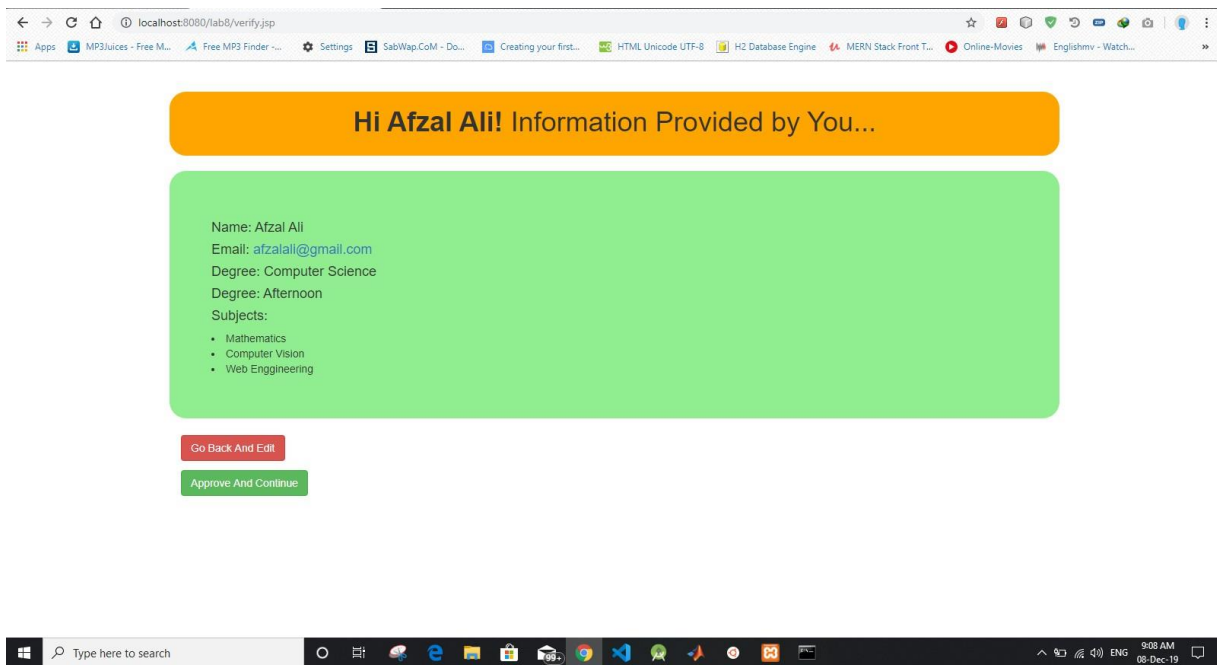

**Subject: Web Lab 11**

You have to design registration page like below, validate the input

## Registration Form

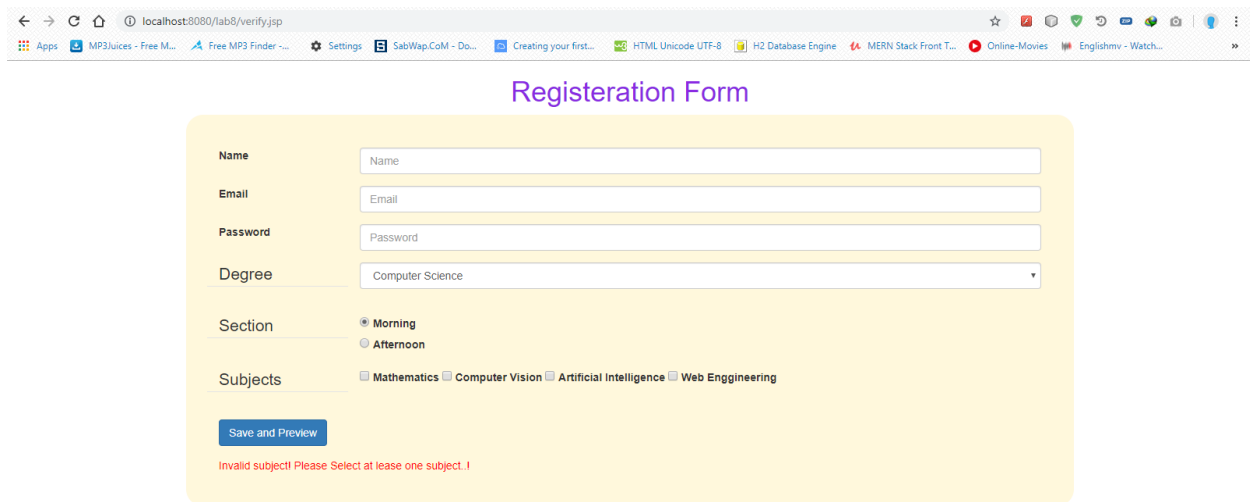

Name	<input type="text" value="Name"/>
Email	<input type="text" value="Email"/>
Password	<input type="password" value="Password"/>
Degree	<input type="text" value="Computer Science"/>
Section	<input checked="" type="radio"/> Morning <input type="radio"/> Afternoon
Subjects	<input type="checkbox"/> Mathematics <input type="checkbox"/> Computer Vision <input type="checkbox"/> Artificial Intelligence <input type="checkbox"/> Web Engineering
<input type="button" value="Save and Preview"/>	

on click of 'save and preview' button it goes to another jsp page ,fetch and show information provided by user like below

If user has not selected any subject then redirect him back to registration page and ask for subjects by showing error below the button or if he/she click 'go back and edit' button redirect him/her to registration page to edit information

i.e

The screenshot shows a web browser window with the address bar displaying 'localhost:8080/tab8/verify.jsp'. The browser's tab bar includes several open tabs such as 'Apps', 'MP3Juices - Free M...', 'Free MP3 Finder ~...', 'Settings', 'SabWap.CoM - Do...', 'Creating your first...', 'HTML Unicode UTF-8', 'H2 Database Engine', 'MERN Stack Front T...', 'Online-Movies', and 'Englishmv - Watch...'. The main content area features a 'Registration Form' with a yellow background. The form contains the following fields and options:

- Name:** A text input field with the placeholder 'Name'.
- Email:** A text input field with the placeholder 'Email'.
- Password:** A text input field with the placeholder 'Password'.
- Degree:** A dropdown menu currently showing 'Computer Science'.
- Section:** Two radio button options: 'Morning' (selected) and 'Afternoon'.
- Subjects:** Four checkbox options: 'Mathematics', 'Computer Vision', 'Artificial Intelligence', and 'Web Engineering'. None of these checkboxes are selected.

Below the form fields is a blue button labeled 'Save and Preview'. Directly beneath this button, a red error message is displayed: 'Invalid subject! Please Select at lease one subject.!'.

On verification page when user select 'Approve and continue' redirect him to success page
