Web Engineering Lab 05

Submission Details:

Submit to: **assignmentsubmission19@gmail.com**

Deadline: **30ᵗʰ October 2020 till 11:00 pm**

Subject: **Web Lab 05**

Problem 01:

Make a few boxes using CSS and HTML. When you click on them, change their color.

Problem 02:

Display two paragraphs on a page and on clicking on each paragraph relevant message should be displayed in alert box, that which paragraph is clicked.

Problem 03:

Use a button for appending an option in a list (one item per click).

- Coffee
- Tea

Click the button to append an item to the end of the list.

Try it

➡

- Coffee
- Tea
- Water

Click the button to append an item to the end of the list.

Try it

Problem 04:

Display an alert box on load and ask for input of temperature in Fahrenheit in the same alert box. After input second alert box will display the converted temperature in Celsius.

Problem 05:

Display a button on a page that keeps the count of clicks on it.

← → C ⌂ ⓘ File

Button clicked 8 times

Problem 06:

Create a button that can generate more buttons on click.

Click the button to make a BUTTON element with text.

Create Button

Instructor: Umme Ammarah
(umme.ammara@pucit.edu.pk)

Problem 07:

Create a form on a page with few text field and a button. Create another button apart from the form that can display the contents of all the elements of the form.
